

---

Dear Dolphin Cay Residents:

The Antigua and Bermuda buildings are gearing up to have their roofs replaced. This is a large project that will, unfortunately, require some inconveniences. Antigua will be first, followed by Bermuda. The owners in each of these buildings should watch for future email updates.

**The Butterfly Garden parking lot will be closed and used for staging materials and equipment, starting at 7:00 AM on Monday, April 17<sup>th</sup>. We anticipate the lot being closed for the duration of the project, which will be approximately 12 weeks. Of course, weather can always be a factor in the length of a roofing project.**

**If you normally use an EV charger in the Butterfly Garden parking lot, please use the charging stations in the tennis court parking lot during the roofing project.**

The Board has given special permission for the roofers to work extended hours, so the project can be completed as quickly as possible.

If you have any questions, please contact one of your Board members or the Dolphin Cay office.

Sincerely,

Dolphin Cay Management
