

Dear Dolphin Cay Residents:

You may have noticed the lines and poles marking the entrance to Dolphin Cay from the Bayway have disappeared with the new paving project. One of our Board members, Van Williams, has already spoken with a City representative and was assured they will be replaced once the project has been completed. No date has been given to us concerning the paving completion date.

The City representative also said they will notify us to provide some input. However, the City has not always been diligent with notifying Dolphin Cay in the past. We will keep our fingers crossed that this will happen.

We do not expect anything to happen concerning the markings until the road project is completed.

Please be extra careful when exiting Dolphin Cay!

On Behalf of the Dolphin Cay Board of Directors
